

**London Development Agency (LDA)**

**DEMaP: Progress & Opportunities**

June 11 2010

City Hall, Queen's Walk  
London

**A seminar on the LDA's Decentralised Energy Masterplanning programme (DEMaP).**

Following on from the launch of the pilot tranche of the Decentralised Energy Master Planning (DEMaP) programme in November 2009, this event will:

- Highlight progress made by boroughs in developing DE projects and policies under DEMaP to date
- Announce the new support packages available to boroughs under DEMaP from June 2010 to March 2011; and
- Set out the latest developments in both London and national policy in relation to decentralised energy.

The LDA, working with the GLA and London Councils developed the Decentralised Energy Master Planning programme to provide support to boroughs in identifying DE opportunities and develop capacity, skills, policies and resources to deliver them. Nineteen boroughs have received support to date ranging from capacity building, heat mapping, and feasibility studies through to procurement of energy supply contracts and funding structures. Event details follow below:

9.00	Registration
9.30 – 9.40	<b>Welcome and Introduction</b> Peter North, Head of Project Delivery – Environment, London Development Agency
9.40 - 10.00	<b>Government's Support for Decentralised Energy</b> Robert Tudway, Principal Strategy Officer – Environment, London Development Agency
